Distance Education for Primary Classes

Dear Parents,

As you are aware that the summer vacation for the students have been preponed due to Covid-19 Pandemic and the school will reopen on 01-06-2020. In order to utilize the summer vacation in a useful manner, AEES has started Distance Education for the students of AEC Schools.

We are happy to inform you that we are starting Distance Education E-classes for the primary students of classes I to V from 20-04-2020. The method of conducting E-classes are given below

1. Each lesson is divided into different modules for easy understanding and phased manner learning. Each module contains 3 modules for learning
2. First component of the module is a pdf file for the text of the lesson providing the brief description, questions and answers etc.
3. Second component is an audio file in which teacher will explain the lesson for complete understanding.
4. Third component is a worksheet in which different forms of questions, fill in the blanks, quiz etc. will be provided. **This must be completed from time to time and every student needs to be submitted to the concerned subject teacher after the reopening of school. This will be given due weightage in the internal assessment of the subject.** Students can also send through whatsapp to the concerned teacher for evaluation.
5. The modules will be uploaded in the WhatsApp group of the concerned class as per the schedule given.

I request you to motivate your ward to go through all the components of the modules of all the subjects and make them to learn in a positive environment.

P.NARASIMMAN
Vice Principal
